Accessing Library Electronic Resources

All of the Canizaro Library’s electronic Resources are available both on- and off-campus.

Go to https://www.avemaria.edu/library
Click on Databases

Identify the database you need to access. The Library subscribes to both general, multidisciplinary databases and many subject specific databases. Use the tabs on the left to navigate to your discipline.
If you are off-campus you will need to login with your Ave Maria University email address and password.

For assistance accessing any of the library’s databases please contact Sarah DeVille, Head of Public Services at Sarah.DeVille@avemaria.edu or 239-280-2422.
